Dear Almus and your cohort,
Please give up you snide attitude, you will have a happier life. Minor Lithuania is still Lithuania. Lithuanians born in America are Lithuanians, Lithuanians born in Poland are Lithuanians, So don't be picking on Lithuanians that are born and outside of Lithuania as a lesser type of Lithuanian. Also, don't pick on the dead ones, their mental powers are still greater than yours,
Damasauskas
